

→ Cassette lift for factory built panel vans

DH-C001.03 • 300 kg

The cassette lift DH-C001 stows neatly in a sealed cassette box under the loading floor of the vehicle. This solution keeps the **access through the rear doors free** and **occupies no space inside the vehicle**.

The DH-C001 can be mounted to most types of commercial vans with a max. floor height of 850 mm.

The flat platform is suitable to handle roll-cages, small machines & equipment, white & brown goods, etc... It is not suitable to manipulate pallets.

To keep this lift light, simple and budget friendly, the retraction of the platform is done by hand.

Lift capacity

CAP	CG	LM
300 kg	500 mm	1.5 kNm

Weights [see pg. 15]

ALU platform	
Std.	145 kg

Handy to have on board, for the occasional use

Fitting dimensions

ARM	700
